PREFACE.

We again present our patrons and the public with a new edition of the WALTHAM AND WATERTOWN DIRECTORY for their use and approval. We have spared no trouble or expense in the canvass and compilation of this issue of the work to make it in all respects as correct and reliable as is possible for a book of this kind.

The difficulty of compiling a city directory is seldom understood, and is not easily explained, dependent as we are upon local patronage, it is an absolute necessity that we have the support of the entire business community, who derive the largest portion of the benefit of such a work.

A city directory contains a great amount of information concerning the public, religious, charitable, and private institutions of the place, which makes it a valuable present record as well as an historical authority.

Every person should have at their business place or residence a directory of the city from time to time as published, not only as a daily convenience, but as a valuable record of local history.

This year's directory gives 5,029 names in Waltham, and 2,027 in Watertown.

Persons consulting the directory are reminded of the importance of knowing the precise spelling of a name, before looking for it, as names pronounced the same are often spelled quite differently, and appear on different pages.

We take this occasion to express our thanks for the uniform courtesy and important assistance afforded to our agents in collecting information for the present number.

SIGNALS.

I—One blow for test at 6.50 A.M., 6.50 P.M.

II—Two blows will dismiss companies in waiting and give notice that companies in service have "made up."

Should an alarm occur from another box before this signal is given companies answering second will answer on first; companies answering third will answer second.

III—Three blows, followed by the box number—second alarm.

III—III—Three blows twice, followed by the box number—third alarm.

II—II—Twenty-two—struck at 7.30 A.M.—indicates no session of schools in the morning; same signal, at 11.45 A.M., indicates no afternoon session.

INSTRUCTIONS TO KEY HOLDERS.

Upon the discovery of fire go to the nearest box, open the same and pull the hook down *once* only, then let go; listen if the gong in the box strikes; if not, pull again. If you fail the second time, go to the next nearest box and do the same.

Remain at the box, if possible, after giving an alarm, to direct the firemen to the fire.

Do not give an alarm for a fire seen at a distance.

Be *sure* the box is *closed* before leaving it.

If you remove from your house or place of business, return the key to the Chief Engineer.

Key holders will bear in mind that their key will be "*trapped*" when used, and will be returned to them by an engineer.
